Flexibility is being open to change and not insisting that things have to be done your way. You consider others' ideas and feelings which can lead to learning new and constructive ways to get things done.

Visible Learning

Art

Art education is concerned with the organization of visual material... having individuals think and behave as artists... [and] pointing out the values that surround the creation and cherishing of art forms. [As well] art education deals with ways in which people express their feelings in visual forms... [and] making and defending qualitative judgments about artworks.
