

WHAT HAPPENS WHEN RURAL BUSES DO NOT RUN?

When cold temperatures or impassable roads do not allow us to operate our contract operated buses, schools will be open, classes will occur and student learning continues. As with any absences, students who miss material will be provided with an opportunity to receive instructional material through an alternate means or catch up on missed school work upon return to school.

It is always the decision of the parent/guardian(s) to use the school bus service.

A jurisdictional decision to cancel bus service will be made for the following reasons:

- When a temperature is projected to be – 40 OC or below (with or without a wind-chill factor) between the hours of 6:00 a.m. and 9:00 a.m. and/or between 3:00 p.m. and 5:00 p.m. when buses are on route.
- When special warning statements are issued by Environment Canada or Alberta 511 regarding road conditions and roads are deemed to be impassable
